

Michael K. Peters, DDS, MS, P.C.
ORTHODONTICS

Dear Peters Orthodontic Family:

We have been thinking about you and hope that you and your family are safe and healthy. Everyone has been through a lot and is ready to start normal routines again. As we welcome you back to our office, we want to reassure you that your safe treatment here is our number one goal.

We are following the most recent advice from the CDC and our professional organizations to make changes to keep you, our other patients, and our staff safe from infection. Some changes include:

- We ask that everyone who enters the office wear a face covering or mask.
- Please use the hand sanitizer that we have available when you come into the office.
- You may see that all staff, including the front office staff, will be wearing masks.
- We have removed hard-to-disinfect items in the waiting room to make it easier to clean frequently during the day.
- We are allowing more time between appointments to manage social distancing between patients. We may ask you to wait in your car instead of the waiting room.
- In order to minimize the number of people in the waiting room, we ask that only the patient and one parent or guardian come into the office.
- Our staff will ask you screening questions before your appointment.
- We may take your temperature before your appointment.
- There may be other changes as we try to keep social distancing to six feet.

We are happy to answer any questions you may have about the steps we are taking to keep you, and every patient, safe in our office. Please call our office at (517) 351-6077 or visit our website petersortho.com if you have any questions or to make an appointment.

Thank you for understanding.

We look forward to seeing you soon.

Sincerely,

Dr. Peters and Team
